PUBLICATION DESCRIPTION:

The Community Chronicle is a free community newspaper available at racks in Marin and the neighboring communities. Published every Wednesday, The Community Chronicle is the most reliable source for local news. Features include news, sports, events calendar and classifieds.

VERIFICATION OF DISTRIBUTION, PRINTING AND INTERNAL RECORDS:

Verification of distribution is conducted by appropriate survey methodology(s). Free home delivery is verified by telephone interviews with households within the publication's delivery areas. Target (free rack) distribution is confirmed by field verification of the number of copies distributed and the number of copies remaining at the close of the distribution period. An audit of internal records is conducted by a professional circulation auditor in conformity with accepted circulation auditing procedures, prior to Verified's issuance of an initial audit report and annually thereafter. This audit of internal records includes a review of source printing, distribution and subscription records as well as supporting financial documents. Please see the following pages for additional details.

Verification of Distribution

The Community Chronicle is regularly made available at designated locations for reader pickup. Publishers are required to maintain detailed distribution records for every issue documenting the number of papers delivered and returns for every distribution point. Quarterly updates of the route lists are maintained by VERIFIED as a reference. "Accuracy of Claimed Distribution" is determined by a comparison of these records with the results of VERIFIED's field verification of distribution. The field verification consists of monitoring of the number of papers delivered and number of papers remaining from the prior issue (returns), for a randomly selected sample of distribution locations.

The Community Chronicle has met or exceeded VERIFIED's standard of 90% "Accuracy of Claimed Circulation," as documented below:
